IDRIS DIMITRI GAFI YOUNGWE

Limbe SW | +237 654 728 043 | idris.gafi@aims-cameroon.org

Summary

Interdisciplinary Data Scientist and AI/ML Researcher with a Master's in Data Science from the African Institute for Mathematical Sciences and a Master's in Physics specializing in Electronics, Electrical Engineering and Automation from the University of Dschang. Experienced in machine learning, deep learning, computer vision, control systems, and data analysis, with research experience in autonomous UAV systems and Visual-SLAM. Skilled in Python and modern AI/ML frameworks, with additional experience in scientific computing and AI-driven research. Motivated to develop intelligent, data-driven solutions at the intersection of AI, computer vision, and autonomous robotic systems.

Skills

- Optimization
- Control systems
- Numerical methods
- Linear algebra
- Probability theory
- Data analysis
- Machine learning
- Deep Learning
- Computer Vision
- Python, MATLAB, LaTeX, R
- Pandas, NumPy, PyTorch
- OpenCV, Data visualization
- ROS2, Gazebo, ArduPilot
- UAV Systems, Visual-SLAM
- Critical thinking
- Problem solving
- Communication
- Teamwork

Experience

AI/ML & SOFTWARE DEVELOPMENT RESEARCH INTERN | 08/2026 - 02/2027

Quantum ARISE - Lomé, Maritime Region, Togo

- Developed AI/ML applications using local LLMs and Ollama.
- Built LLM agent workflows with LangChain and LangGraph.
- Deployed and troubleshot RAG pipelines using Qdrant for document ingestion and embeddings.
- Developed FastAPI services in Dockerized multi-service architectures and collaborated using Git/GitHub.

AUTONOMOUS UAV SWARM NAVIGATION BASED VISUAL-SLAM | 03/2026 - 06/2026

Pr. Wilfried Yves Hamilton Adoni - (Freiberg, Germany), CMR

- Developed simulation platform enabling multiple drones to collaborate effectively in GPS-denied environments using camera-based perception and advanced mapping techniques

PERFORMANCE EVALUATION OF 5G MMWAVE USING ML | 10/2024 - 07/2025

Dr. Kamdoum Tamba Victor - Dschang, CMR

- Evaluated 5G mmWave network performance in high-density urban areas using machine learning algorithms.

TEACHING ASSISTANT | 10/2024 - 02/2025

University of Dschang - Dchang, CMR

- Supported supervisor in teaching junior students and conducting tutorials to enhance understanding of course material.

IMAGE CLASSIFICATION USING MACHINE LEARNING | 03/2024 - 05/2024
Pr. Talla MBE

Education

African Institute For Mathematical Sciences - Limbe | Master of Science
Data Science, 06/2026

- *Thesis defended June 2026; internship August 2026 – February 2027*
  Mastercard Foundation Scholar

University of Dschang - Dschang | Master's Degree
Physics, 07/2025

University of Dschang - Dschang | Master 1
Physics, 07/2024

University of Dschang - Dschang | Bachelor's Degree
Physics, 07/2023

Certifications

- TME Education Certificate on Arduino programming kit, 2024
- Google DeepMind: 01 Build Your Own Small Language Model, 03/01/26
- Google DeepMind: 02 Represent Your Language Data, 03/01/26

Languages

- French, First Language
- English, Upper Intermediate

Personal Information

- Date of Birth: 06/14/03
- Gender: Male
- Nationality: Cameroonian
- Place of Birth: Souza-Gare

Hobbies and Interests

- Reading books and articles related to science, mathematics, and data science.
- Continuously developing new skills through online learning platforms such as Coursera.
- Playing team sports, particularly soccer, which promotes teamwork and discipline.
- Mentoring and tutoring younger students in mathematics and science.
- Exploring real-world applications of physics, mathematics, and data science.
